2
Park Wardens
Looking After
Parks & Dams

WHY VOTE YES:

A sustainable long term solution for public safety and area maintenance, moving beyond reliance on volunteers.

The CID offers a structured approach to supplement municipal services based on community needs.

Safer neighbourhood with dedicated 24/7 patrolling and advanced surveillance systems. The radical change/improvement will be the 24/7 control room in radio contact with patrollers, thereby ensuring improved coverage and response to suspicious activity.

Dedicated Law Enforcement Officer to enforce by-laws.

Park wardens will patrol and maintain our most popular public spaces.

Ensure cleaner and more inviting public spaces, including parks, playgrounds, streets, and the Sonstraal and Vygeboom Dams.

Have a say in the improvement of your community.

Enhancing desirability of the neighbourhood.
