

THE CORE AREAS OF SUPPLEMENTARY SERVICES THAT THE SONDAL CID WILL PROVIDE ARE:

PUBLIC SAFETY

- **24/7 Patrolling:** Visible patrolling of public spaces by trained Public Safety Officers in CID-branded vehicles, responding to camera alerts and patrolling the area.
- **Dedicated Law Enforcement Officer:** A law enforcement officer working exclusively within the Sondal CID area during daytime shifts on weekdays.
- **Expansion of Camera Infrastructure:** Maintaining and expanding CCTV coverage with high-definition and license plate recognition (LPR) technology.
- **Maintenance of Camera Infrastructure and Monitoring:** Real-time 24/7 monitoring and incident response from a central control room, with contracted service providers ensuring camera maintenance.
- **Fencing at Accessible Areas:** Erection of fencing along boundaries with wide-open spaces to channel pedestrians to access points monitored by human detection cameras.

ENVIRONMENTAL DEVELOPMENT

- **Green Belt Connection Project and Green Spaces Upgrades:** Establishing walking routes by adding walkways, installing benches, planting trees, and creating children's cycle tracks.
- **Green Spaces and Recreation:** Enhancing local parks, playgrounds, and green spaces, increasing green bin allocation, and implementing weed control.

MAINTENANCE & CLEANSING

- **Road Reserves:** Implementing a street cleaning program for road reserves, including regular sweeping and cleaning of main and other roads.
- **Sonstraal Dam and Vygeboom Dam:** Litter picking on weekdays and waste removal at least weekly, with enhanced signage and additional waste bins.
- **The Kuils River Corridor:** Litter picking as required, with special clean-ups arranged in conjunction with NGOs, and removal of illegal dumping.
- **Infrastructure Maintenance:** Monitoring and temporary repairs of public infrastructure such as roads, sidewalks & lighting to make it safe.
- **Two park wardens** wearing CID uniforms will be employed for daytime shifts on weekdays to ensure the public parks and areas around the dams in the area are always clean and to maintain the vegetation.

SOCIAL & ECONOMIC DEVELOPMENT

- **Crime Prevention and Community Safety:** Collaborating with law enforcement, NGOs, and community organizations to address drug- and alcohol-related issues.
- **Collaborative Partnerships:** Establishing partnerships with local NGOs and community groups to address social challenges and create employment opportunities.
- **Support Local NGOs:** Supporting NGOs that make a difference in the local community.
